SUMMARY

UX Design focused MSc student in Usability Engineering with a Software Engineering background, experienced in user-centered design, usability testing, and interactive prototyping with supporting backend and frontend knowledge.

EDUCATION

Rhine-Waal University of Applied Sciences

MSc, Usability Engineering, GPA: 1.6

Relevant Coursework:

Human-Computer Interaction, UX Research, Usability Testing, Accessibility

Kamp-Lintfort, Germany

Oct 2024 - Expected 2026

Bahcesehir University

B.S in Software Engineering, GPA: 1.8

Thesis:

Ergonomic Risk Assessment Web Application with Java SpringBoot, integrating ISO standards and collaborating with industrial engineering team.

Istanbul, Turkey

Oct 2019 - Jun 2024

PROJECTS

Kui Bot – Persona-Driven Museum Chatbot (UX / AI Project)

Rhine-Waal University Usability Lab | Python, Flask, SQLite, HTML, CSS, Prompt Engineering

Kamp-Lintfort, Germany

Oct 2024 - Jun 2025

- Designed a persona-driven AI chatbot that simulates artists' voices (e.g., Frida Kahlo), enabling immersive museum storytelling and artist-character interaction.
- Developed frontend interfaces for a web-based chatbot application and, integrated backend logic with user-facing components.
- **Conducted usability testing** (UEQ, MES) with 12 participants, improving story comprehension rates.
- **Improved interaction flow** based on usability testing feedback.

Ergonomic Risk Assessment Web Application

Bahcesehir University | Java, Spring Boot, Thymeleaf, Bootstrap, ISO Standards, Usability Testing

Istanbul, Turkey

Oct 2023 – Jun 2024

- Developed a **responsive web application** for ergonomic risk assessment based on NIOSH RWL.
- Improved usability through testing, **reducing task completion time from 100+ seconds to under 5 seconds.**
- Integrated frontend templates with backend services.

WORK EXPERIENCE

Frontend & UI Development (Working Student / Project-Based)

Tech Stack: **React, JavaScript/TypeScript, Figma, Miro, Git, Agile/Scrum**

Germany

2024 - Present

- Developed and refined responsive user interfaces for web-based projects.
- Implemented **UI components** based on design specifications and user requirements.
- **Collaborated with backend developers** to integrate frontend components with APIs.
- Participated in Agile workflows, including sprint planning and reviews.

UI/UX Improvement Specialist
Kovan App

Remote, Turkey
Jul 2024 - Sep 2024

- Analyzed application outputs from a frontend **usability perspective**.
- Evaluated and annotated datasets to improve AI model quality from a user experience perspective.
- **Identified UI-related issues** affecting user interaction and **system clarity**.

Frontend Web Development & UI Design Intern
Pointo A.S.

Ankara, Turkey
Jul 2023 - Aug 2023

- Built responsive web pages using **HTML, CSS, and JavaScript**.
- Integrated frontend components with **RESTful APIs**.
- Applied UI/UX best practices to improve navigation and reduce bounce rates.

TECHNICAL SKILLS

UX / Product Design Skills: UX research and usability testing, User-centered design methodologies, **Wireframing** and interactive prototyping (Figma), Information architecture and journey mapping, Responsive and mobile-first design, Visual design fundamentals (typography, color, consistency), Web design

Frontend Technologies: **HTML5, CSS3** (responsive & mobile-first layouts), **JavaScript** (ES6+, basic to intermediate), **React** (component-based architecture, basic state management), **Typescript**

Backend & Integration: RESTful APIs, **Java (OOP, Spring Boot** – academic & project experience), **Python** (Flask – basic)

Collaboration & Tools: Agile / Scrum, Miro, Cross-functional collaboration and communication

Certificates: Data Visualization (IBM, Coursera), **Figma** Foundations (TÜBITAK BILGEM)

Languages: Turkish (native), English (C1 – fluent), German (A2 – beginner), Korean (beginner)

LEADERSHIP

- Bahcesehir University Radio Club — Broadcaster
- Volunteer, Yesilay — Raising awareness for harmful addictions
- Bahcesehir University Photography Club — Board Member :
Social Media Content Creator / Designer, Event Organization

Istanbul, Turkey
Oct 2019 - Jun 2024
