SUMMARY

Junior Frontend Developer with a background in Software Engineering and hands-on experience building responsive web interfaces using HTML, CSS, JavaScript, React, and REST APIs. **Currently pursuing an MSc in Usability Engineering**, bringing a strong user-focused mindset to frontend development.

WORK EXPERIENCE

Frontend & UI Development (Working Student / Project-Based)

Germany

Tech Stack: **React, JavaScript/TypeScript, Figma, Miro, Git, Agile/Scrum**

2024 - Present

- Developed and refined responsive user interfaces for web-based projects.
- Implemented UI components based on design specifications and user requirements.
- Collaborated with backend developers to integrate frontend components with APIs.
- Participated in Agile workflows, including sprint planning and reviews.

UI/UX Improvement Specialist

Remote, Turkey

Kovan App

Jul 2024 - Sep 2024

- Analyzed application outputs from a frontend usability perspective.
- Identified UI-related issues affecting user interaction and system clarity.

Frontend Web Development & UI Design Intern

Ankara, Turkey

Pointo

Jul 2023 - Aug 2023

- Built responsive web pages using **HTML, CSS, and JavaScript**.
- Integrated frontend components with **RESTful APIs**.

TECHNICAL SKILLS

Frontend Technologies: HTML5, CSS3 (responsive & mobile-first layouts), JavaScript (ES6+, basic to intermediate), React (component-based architecture, basic state management)

Backend & Integration: RESTful APIs, **Java** (Spring Boot – academic & project experience), **Python** (Flask – basic)

Tools & Workflow: Git & GitHub, Agile / Scrum, Figma (developer–designer collaboration, wireframing and prototyping)

Collaboration & Tools: Agile / Scrum, Miro, Cross-functional collaboration and communication

Certificates: Data Visualization (IBM, Coursera), Figma Foundations (TÜBİTAK BİLGEM)

Languages: Turkish (native), **English (C1 – fluent)**, German (A2 – beginner), Korean (beginner)

EDUCATION

Rhine-Waal University of Applied Sciences

Kamp-Lintfort, Germany

MSc, Usability Engineering, GPA: 1.6

Oct 2024 - Expected 2026

Relevant Coursework: Human-Computer Interaction, UX Research, Usability Testing, Accessibility

Bahcesehir University

Istanbul, Turkey

B.S in Software Engineering, GPA: 1.8

Oct 2019 - Jun 2024

Thesis: Ergonomic Risk Assessment Web Application with Java Spring, integrating ISO standards

PROJECTS

Kui Bot – Persona-Driven Museum Chatbot (UX / AI Project)

Kamp-Lintfort, Germany

Rhine-Waal University Usability Lab | Python, Flask, SQLite, HTML, CSS, Prompt Engineering

Oct 2024 - Jun 2025

- Developed frontend interfaces for a web-based chatbot application and, integrated backend logic with user-facing components.
- Improved interaction flow based on usability testing feedback.

Ergonomic Risk Assessment Web Application

Istanbul, Turkey

Bahcesehir University | Java, Spring Boot, Thymeleaf, Bootstrap, ISO Standards, Usability Testing

Oct 2023 – Jun 2024

- Developed a responsive web application for ergonomic risk assessment.
- Integrated frontend templates with backend services.
- Reduced task completion time from **100+ seconds to under 5 seconds** through UI improvements.

LEADERSHIP

- Board Member & Social Media Contributor, Photography Club
- Volunteer, Yesilay — Raising awareness for addiction prevention
- Broadcaster, Bahcesehir University Radio Club

Istanbul, Turkey

Oct 2019 - Jun 2024
